The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM logo, a search bar, and links for 'Catalog', 'Manage', and 'Rahul P's Account'. The main content area is titled 'Dashboard' and includes a 'Create resource' button. Below this, there's a 'For you' section with several cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), 'Learn about IAM Roles' (Learn about roles in IBM Cloud and how they work to control access), and 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud). Each card has a 'Getting started' button and a duration. Below the 'For you' section, there's a 'News' section with a 'View all' link, and a 'Recent support cases' section with a 'View all' link. The bottom of the dashboard shows a 'Planned maintenance' section with a 'View all' link and an 'IBM Cloud status' section with a 'View all' link. The bottom of the browser window shows several open tabs: 'WEB APPLICATION...docx', 'WEB APPLICATION...pdf', 'PYTHON CODE.docx', 'PYTHON CODE.pdf', 'Project Objectives...pdf', and 'Develop the web...docx'.
